Sundbeck and Bell will explain different opportunities available for dancers, why dance is important, the expected career lifespan for dancers, and even how pointe shoes and tutus are made. At the end of the presentation, the audience will have the opportunity to ask questions and interact with Bell and Sundbeck.

These two performers epitomize success in the art of dance. In addition to dancing they have vast experience and knowledge in auditioning, teaching, choreography, and ballet technique. They have worked around the world and continue to work throughout the country to this day.
